- the results of the analysis
- the findings of the analysis
- the purpose of the analysis
- the scope of the analysis
- the method of analysis
- the need for analysis
- the process of analysis

Từ đồng nghĩa

- examination
- study
- inspection
- investigation
- scrutiny
- breakdown
- dissection)
- interpretation

- evaluation
- assessment
- appraisal
- over-analysed/over-analyzed (adj)
- self-analysis (n)
- bioanalysis (n)
- psychoanalysis (n)
- financial analysis (n)
- market analysis (n)
- data analysis (n)

Từ trái nghĩa

- synthesis
- guesswork
- conjecture
- speculation
- intuition
- assumption
- impression

Word family

- analysis (n)
- analytic(al) (adj)
- analytically (adv)
- analyze/analyse (v)
- analyst (n)
- unanalysed/unanalyzed (adj)

Annual

Nghĩa

1. (adj) Hàng năm
2. (n) Sách kỷ yếu, sách niên giám
3. (n) Cây lâu năm, cây hàng năm
4. (n) Động vật non 1 năm tuổi

Ví dụ

- Annual sales increased by 10% this year.
- The company publishes an annual report.
- Students receive their annual grades in July.
- This is our 20th annual conference.
- The average annual rainfall in this region is about 1,500mm.

Collocation

- annual report
- annual income
- annual sales
- annual review
- annual meeting
- annual bonus
- annual fee
- annual salary
- annual profit
- annual event
- annual contribution
- annual cost

- The function appends an item to the end of the array.
- The system appends a timestamp to every record.
- The email was appended with the required documents.
- The final chapter was appended to the revised edition.
- The researcher appended raw data for verification.

- The company appended a clarification to the original contract.

Cấu trúc

- append sth to sth
- append sth with sth
- be appended to sth
- append sth at the end of sth
- append sth to the end of sth
- append a new item to a list
- append data to a database
- append a document to an email
- append a section to a report
- sth is appended to sth
- append sth after sth
- append sth before saving
- append sth without overwriting sth
- append sth to the existing data
- append one list to another
- append a value to an array
- append a character to a string
- append a row to a table
- append a record to a file
- append an attachment to an email

Collocation

- append a note
- append a file
- append a list
- append a paragraph
- append a signature
- append a reference
- append an appendix
- append a comment
- append a table
- append additional information
- append supporting documents
- append a closing section
- append data to a file
- append text to a document
- append a heading
- append a footnote
- append a bibliography
- append a bibliography to a paper
- append a certificate
- append a form
- append a schedule
- append a summary
- append a supplement
- append a new entry
- append records to a database
- append content to a webpage
- append a string
- append an element
- append sequentially
- append automatically
- append manually
- append permanently

- append at the bottom
- append in chronological order
- append a legal notice
- append a disclaimer
- append a cover letter
- append a data table
- append an explanatory note
- append a detailed description
- append a list of sources
- append a list of changes
- append a conclusion
- append a correction
- append a revision
- append a new version
- append a log entry
- append a timestamp
- append a row to a table
- append a column to a table
- append an item to an array
- append an object to a list
- append a value to a sequence
- append a character to a string
- append output to a file
- append data without overwriting
- append data incrementally
- append data in batches
- append to an existing file
- append to the end of a list
- append in plain text
- append in binary format
- append a new line
- append a separator
- append a delimiter

Từ đồng nghĩa

- add
- attach
- join
- include
- supplement
- add on
- extend
- add to
- annex
- incorporate
- concatenate
- prefix
- affix
- annex
- adjoin
- conjoin
- augment

Cấu trúc

- approach sth
- approach to sth
- an approach to doing sth
- approach sb about sth
- approach a situation
- approach sb for sth
- approach sb with a proposal
- approach a deadline
- approach from the side
- be approaching

Collocation

- approach to learning
- approach to problem-solving
- approach a problem
- approach the issue
- approach a solution
- approach a task
- approach a subject
- practical approach
- systematic approach
- practical approach to sth
- different approach
- new approach
- alternative approach
- adopt an approach
- take an approach
- a step-by-step approach
- a cautious approach
- a flexible approach
- a balanced approach
- a collaborative approach
- a theoretical approach
- a practical approach
- a direct approach
- a gradual approach

- approach a deadline
- approach a figure
- approach a person
- approach cautiously
- approach directly
- approach gradually
- approach from behind
- approach a difficult question
- approach a research problem
- approach the task systematically
- approach the issue cautiously
- approach the subject objectively
- approach the deadline rapidly
- approach the maximum value
- approach the minimum value
- approach an agreement
- approach a compromise

Từ đồng nghĩa

- method
- way
- technique
- strategy
- procedure
- system
- perspective
- manner
- angle
- access

Từ trái nghĩa

- avoid
- retreat
- withdraw
- ignore
- reject
- depart from
- distance oneself from

Word family

- approach (n,v)
- approachable (adj)
- approaching (adj)
- approachability (n)
- approached (adj)

Appropriate

Nghĩa

1. (adj) Phù hợp
2. (adj) Thích hợp, đúng lúc
3. (adj) Đúng mực trong một hoàn cảnh cụ thể
4. (adj) Có liên quan và đáp ứng yêu cầu

Ví dụ

- This is an appropriate response.
- The dress is appropriate for the occasion.
- Students should use appropriate language in formal writing.
- The treatment was appropriate for the patient.
- We must take appropriate action immediately.
- The response was appropriate to the situation.
- Wear appropriate clothing for the weather.
- The teacher chose an appropriate example.
- This level is appropriate for beginners.
- The funds were used for an appropriate purpose.
- An appropriate strategy is needed to solve the problem.
- The explanation was appropriate for the audience.
- The equipment is appropriate for outdoor use.
- It is not appropriate to discuss confidential information here.

Cấu trúc

- be appropriate for sth
- be appropriate to do sth
- consider sth appropriate
- find sth appropriate
- be appropriate in sth
- be appropriate under the circumstances
- choose an appropriate option
- use appropriate language
- appropriate behavior for the workplace
- appropriate response to a crisis
- appropriate level of detail
- appropriate use of technology
- appropriate training

Collocation

- appropriate action
- appropriate method
- appropriate measure
- appropriate response
- appropriate behavior
- appropriate language
- appropriate level
- appropriate solution
- appropriate treatment
- appropriate technology
- appropriate time
- appropriate place
- socially appropriate

- culturally appropriate
- consider appropriate
- deem appropriate
- entirely appropriate
- highly appropriate
- particularly appropriate
- legally appropriate
- professionally appropriate
- educationally appropriate
- age-appropriate
- contextually appropriate
- appropriate for children
- appropriate for formal use
- appropriate academic language
- appropriate safety measures
- appropriate learning materials
- appropriate research methods
- appropriate professional conduct
- appropriate use of evidence
- appropriate response to criticism
- appropriate allocation of resources
- appropriate degree of control
- appropriate course of action

Từ đồng nghĩa

- suitable
- fit
- proper
- relevant
- suitable
- apt
- proper

Từ trái nghĩa

- inappropriate
- unsuitable
- wrong (sai)
- improper
- inapt
- unsuited

Word family

- appropriate (adj)
- appropriately (adv)
- inappropriate (adj)
- appropriateness (n)
- appropriation (n)
- appropriateness (n)
- inappropriately (adv)

Approximate

Nghĩa

1. (adj) Gần đúng, xấp xỉ
2. (v) Ước lượng
3. (adj) Gần giống hoặc gần đạt đến một mức nào đó
4. (v) Mô phỏng gần đúng một giá trị hoặc kết quả

Ví dụ

- The approximate cost is \$500.
- We approximated the distance.
- The approximate population is two million.
- The answer is approximate rather than exact.
- Scientists approximated the age of the rock.
- The approximate total is difficult to calculate.
- The two methods produce approximately similar results.
- The model approximates real-world conditions.
- The journey takes approximately three hours.
- The approximate location was marked on the map.
- The approximate distance between the two cities is 200 kilometers.
- The result is only an approximate estimate.
- This diagram is an approximate representation of the system.

Cấu trúc

- approximate value
- approximate to
- approximate sth
- be approximately + number
- approximate the value of sth
- approximate the result
- approximate the total
- approximate the size
- approximate the number
- approximate the distance
- approximate the duration
- approximate the percentage
- be close to approximately

Collocation

- approximate figure
- approximate time
- approximate amount
- approximate estimate
- approximate value
- approximate cost
- approximate distance
- approximate number
- approximate date
- approximate size
- approximate age
- approximate percentage
- approximately equal to

- approximately one-third
- roughly approximate
- closely approximate
- approximate figure
- approximate total
- approximate measurement
- approximate solution
- approximate calculation
- approximate model
- approximate match
- approximately half
- approximately equal
- approximately constant
- approximately correct
- approximation error
- approximation method
- approximation formula
- approximate annual income
- approximate market value
- approximate travel time
- approximate level of demand
- approximate population size
- approximate numerical value
- approximate percentage increase
- approximate measurement error
- approximate comparison
- approximate calculation method

Từ đồng nghĩa

- rough
- estimate
- near
- close
- estimated
- rough
- about

Từ trái nghĩa

- exact
- precise
- accurate
- inexact
- definite
- specific

Word family

- approximate (adj/v)
- approximately (adv)
- approximation (n)
- approximate (v)
- approximated (adj)
- approximating (v)
- approximative (adj)

Arbitrary

Nghĩa

1. (adj) Theo ý thích, tùy tiện
2. (adj) Không dựa trên nguyên tắc rõ ràng

Ví dụ

- The decision was arbitrary.
- He made an arbitrary choice.
- The rule gives officials arbitrary power.

- They objected to the arbitrary nature of the decision.
- The committee rejected the arbitrary proposal.
- An arbitrary choice may lead to an unfair result.
- The law prevents arbitrary interference by officials.

Cấu trúc

- arbitrary decision
- arbitrary rule
- arbitrary act
- arbitrary judgment
- arbitrary decision-making
- arbitrary allocation
- arbitrary interpretation
- arbitrary requirement

Collocation

- arbitrary decision
- arbitrary choice
- arbitrary rule
- arbitrary limit
- arbitrary action
- arbitrary power
- arbitrary judgment
- arbitrary distinction
- arbitrary interference
- arbitrary punishment
- arbitrary restriction
- arbitrary use of power
- seemingly arbitrary
- entirely arbitrary
- highly arbitrary
- legally arbitrary
- arbitrary application of the law
- arbitrary exercise of power
- arbitrary use of authority
- arbitrary administrative decision
- arbitrary change in policy
- arbitrary criteria
- arbitrary classification
- arbitrary interpretation

Từ đồng nghĩa

- random
- capricious
- unreasonable

- subjective
- whimsical
- unjustified

Từ trái nghĩa

- reasonable
- just
- systematic
- objective
- principled

Word family

- arbitrary (adj)
- arbitrariness (n)
- arbitrarily (adv)
- arbitrate (v)

Area

Nghĩa

1. (n) Khu vực
2. (n) Lĩnh vực, chuyên môn
3. (n) Diện tích

Ví dụ

- This area is crowded.
- He works in the area of education.
- The protected area contains many rare plants.
- This is an important area of research.
- The room has an area of fifty square meters.
- The study focuses on a specific area of science.
- A large area was damaged by the flood.
- The research covers several geographical areas.

Cấu trúc

- in the area of
- area of sth
- an area measuring + size
- work in an area
- an area of interest
- an area of weakness
- an area of strength
- an area of concern
- an area of responsibility

Collocation

- residential area
- industrial area
- urban area
- rural area
- local area
- geographical area
- coastal area
- protected area
- public area
- working area
- area of research
- area of expertise
- area of concern
- cover an area
- occupy an area
- in a wide area
- areal distribution
- areal variation
- large urban area
- densely populated area
- remote rural area
- high-risk area
- low-income area
- commercial area
- parking area
- research area
- area of application

Từ đồng nghĩa

- region
- zone (khu)
- district
- field
- territory
- domain

Từ trái nghĩa

- whole
- entirety
- outside
- interior
- center

Word family

- area (n)
- areal (adj)
- area-wide
- areally (adv)

Assemble

Nghĩa

1. (v) Lắp ráp
2. (v) Tập hợp
3. (v) Thu thập

Ví dụ

- Workers assemble the machine.
- We assembled the team for the meeting.
- The parts are assembled by hand.
- The students assembled in the hall.
- The researcher assembled evidence from several sources.
- The workers assembled the device according to the instructions.
- The committee assembled to discuss the proposal.
- The report assembles information from different studies.

Cấu trúc

- assemble sth
- assemble sb
- assemble a team
- assemble components
- assemble a group

Collocation

- assemble a machine
- assemble a team
- assemble data
- assemble information
- assemble parts
- assemble equipment
- assemble components
- assemble a committee
- assemble a group
- assemble evidence
- assemble materials
- assemble a report
- assemble quickly
- assemble correctly
- be assembled from sth
- assemble in stages
- assemble according to instructions
- assemble by hand
- assemble a database
- assemble a collection
- assemble a panel
- assembly line
- assembly language
- assemble a prototype
- assemble a device
- assemble a structure
- assemble a committee
- assemble a task force
- assemble a portfolio

- assemble relevant evidence
- assemble raw materials
- assemble information systematically
- assemble a complete dataset

Từ đồng nghĩa

- gather
- collect
- construct
- build
- put together
- form
- organize

Từ trái nghĩa

- disassemble
- scatter
- separate
- dismantle
- disperse

Word family

- assemble (v)
- assembly (n)
- assembled (adj)
- assembling (v)
- assembler (n)
- reassemble (v)

Assess

Nghĩa

1. (v) Đánh giá
2. (v) Định giá

Ví dụ

- The teacher assessed the students' progress.
- We need to assess the risks before deciding.
- The doctor assessed the patient's condition.
- The company assessed the project's success.
- Researchers assessed the environmental impact.
- The examiner assessed the quality of the answers.
- The company regularly assesses employee performance.
- The government assessed the potential risks.

Cấu trúc

- assess sth
- assess the impact of sth
- assess sb's ability
- assess the condition of sth
- assess the likelihood of sth
- assess the consequences
- assess objectively
- assess critically

Collocation

- assess the risk
- assess the impact
- assess performance
- assess needs
- assess the situation
- assess the damage
- assess the effectiveness
- assess the quality
- assess the cost
- assess the value
- assess the potential
- assess progress
- assess students' ability
- assess objectively
- carefully assess
- regularly assess
- assessment criteria
- assessment method
- assess the feasibility
- assess the reliability
- assess the validity
- assess the severity
- assess the probability
- assess the effectiveness
- assess learning outcomes
- assess financial performance
- assess environmental effects
- assess potential consequences

Từ đồng nghĩa

- evaluate
- measure
- judge
- analyze
- appraise
- estimate
- review

Từ trái nghĩa

- ignore
- overlook
- neglect
- disregard
- underestimate

Word family

- assess (v)
- assessment (n)
- assessor (n)
- assessable (adj)
- reassessment (n)

Assign

Nghĩa

1. (v) Giao việc
2. (v) Chỉ định, phân công

Ví dụ

- The manager assigned me a new project.
- They assigned a teacher to each class.
- The teacher assigned the students a research task.
- Each member was assigned a specific role.
- The system assigned a number to each record.
- The supervisor assigned the work fairly.
- A code was assigned to each participant.
- The software automatically assigned tasks.

Cấu trúc

- assign sth to sb
- assign sb to do sth
- assign sb sth
- be assigned to a team
- assign responsibility for sth
- assign a score to sth
- assign a code to sth
- assign tasks fairly

Collocation

- assign tasks
- assign roles
- assign duties
- assign a project
- assign responsibility
- assign a task to sb
- assign work
- assign a value
- assign a number
- assign a teacher
- assign a representative
- assign someone to a team
- assign equal duties
- assign specific duties
- newly assigned task
- be assigned to do sth
- assign a priority
- assign a deadline
- assign a supervisor
- assign a department
- assign an identity number
- assign a classification
- assign ownership
- assign blame
- assign credit
- assign a monetary value

Từ đồng nghĩa

- allocate
- appoint

- delegate
- give (giao)
- designate
- distribute
- entrust

Từ trái nghĩa

- delegate
- remove
- cancel
- retain
- withhold

Word family

- assign (v)
- assignment (n)
- assigned (adj)
- assignable (adj)
- reassign (v)
- assignment (n)
- assigner (n)
- unassigned (adj)

Assist

Nghĩa

1. (v) Hỗ trợ, giúp đỡ

Ví dụ

- She assisted me with the arrangement.
- The staff will assist you at the desk.
- A nurse assisted the doctor during the operation.
- This guide assists users in solving common problems.
- The program assists students with their research.
- The technician assisted us in installing the software.
- Volunteers assisted the local community after the storm.
- This tool assists researchers with data analysis.

Cấu trúc

- assist sb with sth
- assist in doing sth
- assist sb to do sth
- be assisted by sb
- assist sb in sth
- assist with the implementation of sth
- assist sb to achieve sth

Collocation

- assist with research
- assist in organizing
- assist customers
- assist students
- assist with a project
- assist in the development of sth
- assist in the preparation of sth
- assist with daily tasks
- assist the manager
- assist the public
- assist a patient
- assist someone in doing sth
- provide assistance
- technical assistance
- financial assistance
- professional assistance
- assist with implementation
- assist with maintenance
- assist in decision-making
- assist in problem-solving
- assist with administration
- assist a research team
- assist a customer directly
- assist in an emergency
- assist with data processing
- assist in achieving a goal

Từ đồng nghĩa

- help
- support
- aid
- serve
- facilitate
- cooperate with
- attend to
- enable

Từ trái nghĩa

- hinder
- obstruct
- ignore
- prevent
- interfere with

Word family

- assist (v)
- assistance (n)
- assistant (n)
- assisting (adj)
- assisted (adj)
- assistive (adj)
- assistance (n)
- unassisted (adj)

Assume

Nghĩa

1. (v) Giả định
2. (v) Đảm nhận
3. (v) Cho rằng

Ví dụ

- I assume he is late because of traffic.
- She assumed responsibility for the project.
- We assumed that the information was accurate.
- He assumed the position of director last month.
- Do not assume that everyone agrees.
- The calculation assumes constant temperature.
- We should not assume the conclusion is correct.
- She assumed full responsibility for the mistake.

Cấu trúc

- assume that + clause
- assume responsibility for sth
- assume that + clause
- assume a role

Collocation

- assume responsibility
- assume control
- assume office
- assume the role
- assume that sth is true
- assume a position
- assume a leadership role
- assume an obligation
- assume a burden
- assume ownership
- assume prior knowledge
- wrongly assume
- reasonably assume
- generally assume
- be assumed to be
- make an assumption
- assume a condition
- assume the worst
- assume the best
- assume without evidence
- assume a causal relationship
- assume a direct connection
- assume responsibility for an error
- assume control of a project
- assume a leadership position
- assume an important role
- assume a fixed value
- assume equal conditions
- assume prior experience

- assume good faith

Từ đồng nghĩa

- suppose
- presume
- accept
- take on
- suppose
- infer (suy ra)
- undertake

Từ trái nghĩa

- doubt
- deny
- reject
- verify
- question
- establish
- demonstrate

Word family

- assume (v)
- assumption (n)
- assumed (adj)
- assuming (conj/adj)
- unassumed (adj)
- assumptive (adj)
- presumptive (adj)

Assure

Nghĩa

1. (v) Bảo đảm, cam kết
2. (v) Thuyết phục

Ví dụ

- I assure you that it is safe.
- The company assured customers of quality.
- She assured me that everything was ready.
- The notice assures users of complete privacy.
- He tried to assure the child that there was no danger.
- The manager assured staff of continued support.
- The instructions assure users that their data is protected.
- She assured us that the deadline would not change.

Cấu trúc

- assure sb that + clause
- assure sb of sth
- assure sb about sth
- be assured that + clause
- assure sb of one's commitment
- assure the quality of sth
- assure the safety of sb/sth

Collocation

- assure someone of safety
- assure customers
- assure the public
- assure success
- assure someone of quality
- assure someone of support
- assure someone that sth is safe
- assure a positive outcome
- assure compliance
- assure confidentiality

- fully assure
- reassure customers
- provide assurance
- give assurance
- seek assurance
- assure compliance with sth
- assure the accuracy of sth
- assure the reliability of sth
- assure equal treatment
- assure continuity of service
- assure data security
- assure quality control
- assure public confidence
- assure a smooth transition
- assure long-term stability

Từ đồng nghĩa

- guarantee

- confirm
- reassure
- promise
- certify
- convince
- ensure
- guarantee
- reassure

Từ trái nghĩa

- doubt
- deny
- refuse
- question
- uncertain
- alarm
- discourage

Word family

- assure (v)
- assurance (n)
- reassure (v)
- assured (adj)
- assuredly (adv)
- reassurance (n)
- assuring (adj)

Attach

Nghĩa

1. (v) Gắn, đính kèm
2. (v) Liên kết, coi là có liên quan

Ví dụ

- Please attach the file.
- I attach great importance to this issue.
- Attach a recent photograph to the form.
- The label is attached to the package.
- She became deeply attached to her host family.
- The file is attached to the message.
- The label should be attached firmly.
- He attached great importance to accuracy.

Cấu trúc

- attach sth to sth
- attach importance to sth
- attach sth securely
- attach sth as a file

Collocation

- attach a file
- attach a label
- attach importance
- attach a document
- attach a photograph
- attach a copy
- attach a file to an email
- attach a document to a message
- attach a tag
- attach a name to sth
- attach significance to sth
- attach great importance to sth
- be attached to sth
- attach sth securely to sth
- attach importance to doing sth
- attach a condition to sth
- be emotionally attached to sb
- loosely attached
- firmly attached
- attach a document securely
- attach a file to a form
- attach a condition to an offer
- attach significance to a result
- attach a label to a product
- attach a photograph to an application
- attach a device to a network
- attach importance to accuracy
- attach great value to sth
- attach emotionally to sb

Từ đồng nghĩa

- fix
- join
- connect
- link

- fasten
- affix
- associate

Từ trái nghĩa

- detach
- remove
- disconnect
- unfasten
- unlink

Word family

- attach (v)
- attachment (n)
- attached (adj)
- attaching (v)
- detachment (n)
- attachment (n)
- reattach (v)
- detachable (adj)

Attain

Nghĩa

1. (v) Đạt được
2. (v) Tiến tới, chạm tới

Ví dụ

- She attained a high level of skill.
- We aim to attain our goals.
- The students attained excellent results.
- He attained the highest rank in the organization.
- The project has attained international recognition.
- The students attained the required standard.
- The company attained its annual target.
- He worked hard to attain financial independence.

Cấu trúc

- attain sth
- attain success
- attain a standard
- attain recognition

Collocation

- attain success
- attain a goal
- attain a degree
- attain a target
- attain a high standard
- attain a position
- attain independence
- attain maturity
- attain perfection
- attain an objective
- attain a level of proficiency
- attain economic growth
- successfully attain
- eventually attain
- seek to attain sth
- be difficult to attain
- attain a desirable outcome
- attain a minimum level
- attain a maximum level
- attain one's objective
- capable of independent analysis
- capable of rapid growth
- capable of handling data
- capable of producing results
- capable of adapting to change
- capable of independent judgment
- capable of complex reasoning
- capable of sustained effort
- capable of meeting demands
- capable of delivering results
- attain a satisfactory result
- attain a professional qualification

- attain a high degree of accuracy
- attain a desired level
- attain an acceptable standard
- attain economic stability
- attain personal growth
- attain full independence
- attain international status
- attain long-term success

Từ đồng nghĩa

- achieve
- gain
- reach
- obtain
- accomplish
- secure
- realize

Từ trái nghĩa

- fail
- lose
- miss
- surrender
- forfeit

Word family

- attain (v)
- attainment (n)
- attainable (adj)
- unattainable (adj)
- attainability (n)
- unattainability (n)

Attitude

Nghĩa

1. (n) Thái độ
2. (n) Cách ứng xử

Ví dụ

- His attitude toward work is positive.
- She has a friendly attitude.
- A positive attitude can improve performance.
- His attitude changed after the experience.
- The manager dislikes an uncooperative attitude.
- Her positive attitude influenced the whole team.
- A flexible attitude is useful in a changing environment.
- His attitude toward criticism is mature.

- attribute a trend to sth
- attribute a difference to sth
- attribute a result to chance
- attribute a success to teamwork
- attribute a failure to negligence
- attribute responsibility for sth
- attribute a characteristic to sb
- attribute a quotation to an author
- attribution of responsibility

- attribution of cause
- attribution error

Từ đồng nghĩa

- ascribe (quy cho)
- credit
- characteristic
- quality
- feature
- property
- trait

Từ trái nghĩa

- deny
- disassociate
- exclude
- dissociate
- separate

Word family

- attribute (v/n)
- attribution (n)
- attributable (adj)
- attributively (adv)
- attribution (n)
- misattribute (v)
- misattribution (n)

Author

Nghĩa

1. (n) Tác giả
2. (v) Viết, sáng tác

Ví dụ

- The author wrote a bestselling novel.
- He authored several books.
- She is the author of a major research paper.
- The author explains the theory clearly.
- The author cited several reliable sources.
- The article was authored by a university professor.
- The author revised the second edition.

Cấu trúc

- author of sth
- author a book
- author an article
- be credited as the author
- author a research paper
- author a chapter
- author a report
- author a proposal

Collocation

- author of a book
- authoritative text
- well-known author
- authorial voice
- author of a novel
- author of an article
- author of a report
- academic author
- successful author
- first-time author
- leading author
- co-author
- author a paper
- author a document
- author a proposal
- be authored by
- author a textbook
- author a study
- author a legal document
- author an online article
- author a series of books
- author a standard
- author a policy
- author a statement
- author a chapter jointly
- author a publication

Từ đồng nghĩa

- writer
- creator
- originator
- producer

- composer
- journalist
- researcher
- editor
- originator

Từ trái nghĩa

- reader
- audience
- critic
- non-author
- reviewer

Word family

- author (n/v)
- authorship (n)
- authored (adj)
- authoring (v)
- authorial (adj)
- co-authored (adj)
- authorship (n)
- authoring (n)

Authority

Nghĩa

1. (n) Thẩm quyền
2. (n) Quyền lực
3. (n) Cơ quan chính phủ

Ví dụ

- The authority to approve the plan belongs to the manager.
- The local authority is responsible for public services.
- The court has authority to review the decision.
- She is an authority on artificial intelligence.
- The authority approved the new regulation.

- power

- control
- jurisdiction
- official
- command
- influence
- jurisdiction
- legitimacy
- control

Từ trái nghĩa

- weakness
- subordination
- powerlessness
- anarchy
- subjection
- illegitimacy
- submission

Word family

- authority (n)
- authoritative (adj)
- authoritarian (adj)
- authorize (v)
- authorization (n)
- authoritative (adj)
- authoritatively (adv)
- unauthorized (adj)

Automate

Nghĩa

1. (v) Tự động hóa
2. (adj) Tự động

Ví dụ

- The factory automated its production line.
- We automate routine tasks.
- The system automatically generates weekly reports.
- Automation has reduced manual errors.
- The software automates the entire reporting process.
- Sensors automatically control the temperature.
- The factory is gradually automating production.

Cấu trúc

- automate sth
- automated system
- automate a process
- be automated by software
- automate the workflow
- automate data collection
- automate a repetitive process
- be fully automated

Collocation

- automate production
- automate tasks
- automated process
- automated system
- automate data entry
- automate routine work
- automate business processes
- automate customer service
- automate a workflow
- automate testing
- automate reporting
- automate decision-making
- fully automated
- partly automated
- highly automated
- automate repetitive tasks
- automate customer support
- automate invoice processing
- automate quality checks
- automate security monitoring
- automate email responses
- automate file management
- automate system updates
- automate routine decisions
- automate administrative work
- automate the production line

Từ đồng nghĩa

- mechanize
- computerize

- digitize
- optimize
- industrialize
- streamline
- standardize
- robotize

Từ trái nghĩa

- manual
- human
- manual labor
- human intervention
- hand-operated work
- manual operation
- human-controlled process

Word family

- automate (v)
- automation (n)
- automated (adj)
- automating (v)
- automatically (adv)
- automatable (adj)
- automatize (v)

Available

Nghĩa

1. (adj) Có sẵn
2. (adj) Dễ tiếp cận, có thể dùng được

Ví dụ

- The room is available for tonight.
- This information is available online.
- The service is available to all students.
- No rooms are available during the holiday.
- The software is available for download.
- Several options are available to users.
- The manager is available to answer questions.

Cấu trúc

- available for sth
- be available to do sth
- be available for use
- be available from sth
- be available in several forms
- be available at a reasonable price
- be available on request
- be available worldwide

Collocation

- available resources
- available seats
- available data
- available online
- available information
- available services
- available funding
- available technology
- available space
- available capacity
- available evidence

- accessible
- ready
- obtainable

- usable
- reachable

Từ trái nghĩa

- unavailable
- absent
- limited
- occupied
- inaccessible
- occupied
- unobtainable

Word family

- available (adj)
- availability (n)
- unavailable (adj)
- avail (n/v)
- availability (n)
- availably (adv)

Behalf

Nghĩa

1. (n) Thay mặt, đại diện cho

Ví dụ

- I am writing on behalf of the team.
- She spoke on behalf of the students.
- The lawyer acted on behalf of the client.
- He signed the agreement on behalf of the company.
- The student presented the complaint on behalf of the group.
- The ambassador spoke on behalf of her country.

Cấu trúc

- on behalf of sb
- on behalf of sth
- act on behalf of sb
- speak on behalf of sb

Collocation

- on behalf of the company
- on behalf of the students
- on behalf of the manager
- on behalf of the organization
- on behalf of the government
- on behalf of the client
- on behalf of the committee
- act on behalf of sb
- speak on behalf of sb
- write on behalf of sb
- represent sb on behalf of
- negotiate on behalf of sb
- submit sth on behalf of sb
- write on behalf of an organization
- work on behalf of the public
- make a statement on behalf of
- sign on behalf of sb
- on my own behalf
- on behalf of all members

Từ đồng nghĩa

- for
- representing
- in place of (thay cho)
- representing
- for the benefit of
- as a representative of
- in representation of

Từ trái nghĩa

- against
- without
- independently
- personally
- individually
- for oneself

- leaning
- preference
- slant

Từ trái nghĩa

- fairness
- neutrality
- impartiality
- objectivity
- fair-mindedness
- balance

Word family

- bias (n/v)
- biased (adj)
- unbiased (adj)
- bias-free (adj)
- biasedly (adv)
- unbiasedness (n)

Bond

Nghĩa

1. (n) Liên kết, mối quan hệ
2. (n) Trái phiếu
3. (v) Liên kết

Ví dụ

- There is a strong bond between them.
- The company issued a bond.
- Shared experiences created a strong bond between them.
- The government issued bonds to raise money.
- The shared experience strengthened their bond.
- The chemical bond holds the atoms together.
- Investors bought government bonds.

Cấu trúc

- bond between A and B
- bond with sb
- bond between sb and sb
- bond over sth
- form a bond with sb
- strengthen the bond between sb and sb
- break the bond between sb and sb
- bond together

Collocation

- strong bond
- family bond
- bond market
- bond issue
- close bond
- emotional bond
- social bond
- human bond
- bond between people
- bond with a child
- form a bond
- build a bond
- strengthen a bond
- break a bond
- government bond
- corporate bond
- bonded warehouse
- bond with family members
- bond between generations
- bond of trust
- bond of friendship
- bond of loyalty
- bond strength
- bond formation
- bond maturity
- bond yield
- bond investment

- link

- connection
- relationship
- tie
- attachment
- unity

Từ trái nghĩa

- separation
- distance
- disconnect
- division
- rupture
- disunity
- alienation

Word family

- bond (n/v)
- bonding (n)
- bonded (adj)
- bonding (n)
- bondholder (n)

Brief

Nghĩa

1. (adj) Ngắn gọn
2. (n) Bản tóm tắt
3. (v) Hướng dẫn, thông báo

Ví dụ

- Use a brief explanation.
- The lawyer gave a brief to the team.
- The report provides a brief overview of the findings.
- The manager briefed us before the meeting.
- The chair gave a brief introduction.
- The instructions are brief but clear.
- The lawyer prepared a legal brief.

Cấu trúc

- in brief
- brief sb on sth
- brief sb about sth
- briefly discuss sth
- brief sb before an event
- brief sb fully
- keep a report brief
- give sb a brief

Collocation

- brief meeting
- brief summary
- brief report
- brief explanation
- brief discussion
- brief description
- brief introduction
- brief statement
- brief period
- brief visit
- brief conversation
- brief overview
- brief outline
- give a brief account
- keep it brief
- briefly explain
- briefly mention sth
- briefly summarize sth
- brief overview of sth
- brief period of time
- brief interruption
- brief encounter
- brief consultation
- brief written statement
- brief formal reply
- brief training session

Từ đồng nghĩa

- short
- concise
- succinct

- compact
- summarized
- abbreviated
- summary
- synopsis

Từ trái nghĩa

- long
- detailed
- verbose
- lengthy
- expanded
- elaborate
- extended

Word family

- brief (adj/n/v)
- briefly (adv)

Bulk

Nghĩa

1. (n) Số lượng lớn
2. (n) Thể tích, khối lượng

Ví dụ

- The bulk of the work is done.
- The bulk of the package is heavy.
- The bulk of the evidence supports the theory.
- The goods are sold in bulk.
- The bulk of the money was spent on research.
- The machine can process bulk materials.
- Buying in bulk can reduce costs.

Cấu trúc

- the bulk of sth
- in bulk
- bulk up
- bulk purchase of sth
- bulk of sth
- bulk up the order
- buy sth in bulk
- sell sth in bulk

Collocation

- bulk order
- bulk purchase
- bulk of the work
- bulk amount
- bulk buying
- bulk sale
- bulk storage
- bulk material
- bulk cargo
- bulk supply
- bulk discount
- bulk delivery
- the bulk of evidence
- the bulk of the population
- in bulk
- buy in bulk

Từ đồng nghĩa

- majority
- mass
- volume
- large quantity
- great mass
- greater part
- main part
- major portion

Từ trái nghĩa

- minority
- small amount
- fraction
- small quantity
- individual unit
- small fraction

- single item
- bulk of the evidence
- bulk of the population
- bulk of the investment
- bulk of the responsibility
- bulk transport
- bulk handling
- bulk packaging
- bulk storage facility
- bulk email
- bulk data

Word family

- bulk (n)
- bulky (adj)

Capable

Nghĩa

1. (adj) Có năng lực
2. (adj) Có khả năng làm gì

Ví dụ

- She is capable of leading the team.
- This machine is capable of high performance.
- The team is capable of solving complex problems.
- She is capable of working independently.
- The device is capable of detecting small changes.
- He proved capable of leading the project.
- The team is capable of delivering excellent results.

Cấu trúc

- be capable of doing sth
- capable person
- be capable of sth
- prove capable of doing sth
- be fully capable of sth
- be technically capable of sth
- be physically capable of sth
- be mentally capable of sth

Collocation

- capable leader
- capable employee
- capable of learning
- capable of solving problems
- capable student
- capable team
- capable worker
- capable of independent work
- capable of making decisions
- capable of achieving results
- capable of handling pressure
- capable of adapting
- highly capable
- fully capable
- technically capable
- physically capable

Từ đồng nghĩa

- able
- competent
- qualified
- skilled
- effective
- talented
- qualified
- resourceful

Từ trái nghĩa

- incapable
- unable
- incompetent

- incapable
- helpless
- ineffective
- powerless

Word family

- capable (adj)
- capability (n)
- incapable (adj)

Capacity

Nghĩa

1. (n) Năng lực
2. (n) Sức chứa
3. (n) Khả năng tiếp nhận

Ví dụ

- The factory operates at full capacity.
- The hall has a capacity of 500 people.
- The battery has a large storage capacity.
- The organization lacks the capacity to expand.
- The server has enough capacity for the new application.
- The hospital is operating beyond its normal capacity.
- Training can improve the capacity of local staff.

Cấu trúc

- in capacity as
- capacity for sth
- capacity to do sth
- at full capacity
- have the capacity to do sth
- lack the capacity to do sth
- increase the capacity of sth
- reduce capacity

Collocation

- full capacity
- storage capacity
- production capacity
- capacity building
- limited capacity
- maximum capacity
- total capacity
- carrying capacity
- energy capacity
- human capacity
- institutional capacity
- capacity for innovation
- capacity to learn
- increase capacity
- expand capacity
- operate at capacity
- capacity for learning
- capacity for growth
- capacity to absorb information
- capacity to process data
- capacity to respond
- capacity utilization
- capacity planning
- capacity expansion
- capacity constraints

Từ đồng nghĩa

- ability
- ability

- volume
- potential
- power
- capability

Từ trái nghĩa

- limitation
- lack
- constraint
- inability
- shortage
- restriction
- incapacity

Word family

- capacity (n)
- capacitate (v)
- capacitive (adj)
- capacity-based (adj)
- capacity-limited (adj)

Category

Nghĩa

1. (n) Thể loại
2. (n) Phân loại

Ví dụ

- This item belongs to the category of household goods.
- She sorted the books by category.
- The products are divided into three categories.
- This question belongs to a different category.
- The data was organized into several categories.
- Age is used as a category in the analysis.
- The product falls into a premium category.

Cấu trúc

- category of sth
- by category
- fall into a category
- divide sth into categories
- belong to a category
- classify sth under a category
- move into a category
- create a new category
- category of users

Collocation

- product category
- social category
- category of goods
- category label
- broad category
- specific category
- main category
- sub-category
- category of users
- category of customers
- category of products
- category error
- fall into a category
- create a category
- define a category
- place sth in a category

Từ đồng nghĩa

- class
- group
- type
- division
- classification
- grouping
- class
- kind

Từ trái nghĩa

- individual
- mixed
- disorder

- mixture
- indistinction
- category of products
- category of services
- category of data
- category of users
- category of risk
- category of evidence
- category boundaries
- category membership
- category label
- category-based analysis
- uncategorized
- miscellaneous

Word family

- category (n)
- categorize (v)
- categorical (adj)

Cease

Nghĩa

1. (v) Chấm dứt, ngừng

Ví dụ

- They ceased operations after the accident.
- The rain ceased by evening.
- The company ceased trading last year.
- The noise finally ceased.
- The service ceased to operate after the merger.
- All communication ceased during the outage.
- The company was ordered to cease its activities.

Cấu trúc

- cease to do sth
- cease doing sth
- cease to exist
- cause sth to cease
- cease operation
- cease production
- cease contact
- cease immediately

Collocation

- cease fire
- cease operations
- cease production
- cease to exist
- cease work
- cease trading
- cease activity
- cease communication
- cease publication
- cease payment
- cease immediately
- cease gradually
- cease permanently
- cease voluntarily
- cease and desist
- order sb to cease

- financial challenge
- operational challenge
- major challenge for society
- challenge existing assumptions
- challenge conventional wisdom
- challenge the validity of sth
- challenge the authority of sb
- challenge the status quo

Word family

- challenge (n/v)
- challenging (adj)

Channel

Nghĩa

1. (n) Kênh, đường dẫn
2. (v) Đưa vào kênh, chuyển hướng

Ví dụ

- The information came through a secure channel.
- The company channels its resources into marketing.
- The website is an important communication channel.
- The river channels water into the lake.
- Customers can contact us through several channels.

Cấu trúc

- channel sth through sth
- through a channel
- channel sth into sth
- channel information through sth
- open a communication channel

Collocation

- distribution channel
- communication channel
- sales channel
- marketing channel
- digital channel
- online channel
- secure channel
- official channel
- information channel
- communication channel
- channel of communication
- open a channel
- close a channel
- use a channel
- channel resources into sth
- channel funds into sth

Từ đồng nghĩa

- route
- path
- medium
- conduit
- medium
- vehicle

Từ trái nghĩa

- block
- obstruction
- stop
- barrier
- closure
- channel of distribution
- channel of communication
- channel of information
- channel of transmission

- secure communication channel
- official communication channel
- multiple communication channels
- channel management
- channel strategy
- channel partner

Word family

- channel (n/v)
- channeling (v)

Chart

Nghĩa

1. (n) Biểu đồ
2. (v) Lập biểu đồ, ghi chép

Ví dụ

- The chart shows the trend clearly.
- We charted the results over time.
- The graph charts changes in population.
- The chart compares sales across four regions.
- The doctor charted the patient's progress.

Cấu trúc

- chart sth
- a chart of sth
- chart the development of sth
- chart a course
- be shown on a chart

Collocation

- bar chart
- line chart
- pie chart
- chart data
- flow chart
- organizational chart
- growth chart
- statistical chart
- chart showing trends
- chart the results
- chart changes over time
- read a chart
- interpret a chart
- compare charts
- update a chart
- present data in a chart
- annual chart
- comparison chart
- data chart
- chart a trend
- chart a pattern
- chart a relationship
- chart a distribution
- chart a process
- chart a timeline
- chart a course of action
- chart historical changes
- chart market movements
- chart performance over time
- chart the growth rate

Từ đồng nghĩa

- graph
- diagram
- table
- map
- visualization
- schedule

Từ trái nghĩa

- unclear
- unrecorded
- unorganized
- text
- narrative

Word family

- chart (n/v)
- charting (n)

Circumstance

Nghĩa

1. (n) Hoàn cảnh
2. (n) Điều kiện, tình huống

Ví dụ

- The decision depended on the circumstances.
- Under the circumstances, we had to wait.

- clarify a point
- clarify a statement
- clarify a misunderstanding
- clarify the situation
- clarify the purpose
- clarify the distinction
- clarify one's position
- clarify the requirements
- clarify what happened
- ask sb to clarify sth
- further clarify
- seek clarification
- clarify the research question
- clarify the intended meaning
- clarify a confusing statement
- clarify the source of information
- clarify a legal obligation
- clarify a technical requirement
- clarify the relationship between variables
- clarify the reasons for sth
- clarify the expected outcome
- clarify the next steps

Từ đồng nghĩa

- explain
- elucidate
- make clear
- simplify
- define

- interpret

Từ trái nghĩa

- confuse
- obscure
- mislead
- complicate
- blur
- confound

Word family

- clarify (v)
- clarification (n)
- clear (adj)
- clarified (adj)
- clarifying (adj)
- clarifier (n)

Clause

Nghĩa

1. (n) Điều khoản

2. (n) Mệnh đề

Ví dụ

- The contract includes a confidentiality clause.
- This sentence has a subordinate clause.
- The contract contains a clause about payment.
- The main clause can stand alone.
- The agreement contains a clause on data protection.
- The relative clause describes the person mentioned.
- The final clause limits the meaning of the sentence.

Cấu trúc

- clause in a contract
- subordinate clause
- relative clause
- conditional clause
- adverbial clause
- noun clause
- independent clause
- restrictive clause
- non-restrictive clause

Collocation

- confidentiality clause
- termination clause
- payment clause
- main clause
- contract clause
- penalty clause
- escape clause
- additional clause
- standard clause
- legally binding clause
- insert a clause
- add a clause
- delete a clause
- amend a clause
- enforce a clause
- a clause in an agreement
- a clause in a contract
- a clause requiring payment
- a clause protecting privacy
- a clause limiting liability
- a clause governing access
- a clause covering damages

- provision
- sentence
- term
- condition
- stipulation
- subsection

Từ trái nghĩa

- whole
- entire document
- general rule
- complete sentence
- whole agreement

Word family

- clause (n)

Coherent

Nghĩa

1. (adj) Liên kết chặt chẽ
2. (adj) Logic, mạch lạc
3. (adj) Có tính nhất quán và dễ hiểu

Ví dụ

- The argument was coherent and persuasive.
- The team created a coherent plan.
- Her explanation was clear and coherent.
- The essay lacks a coherent structure.
- The evidence forms a coherent account of events.

Cấu trúc

- coherent plan
- coherent argument
- develop a coherent argument
- present a coherent explanation
- maintain a coherent structure
- lack a coherent plan
- become coherent
- remain coherent

Collocation

- coherent argument
- coherent policy
- coherent discussion
- coherent structure
- coherent explanation
- coherent account
- coherent theory
- coherent approach
- coherent plan
- coherent narrative
- coherent paragraph
- coherent whole
- logically coherent
- internally coherent
- remain coherent
- make an argument coherent
- coherent body of evidence
- coherent line of reasoning
- coherent theoretical framework
- coherent research design
- coherent policy framework
- coherent account of events
- coherent set of ideas
- coherent narrative structure
- coherent and consistent
- logically coherent explanation

Từ đồng nghĩa

- consistent
- logical
- clear
- organized
- rational

- unified

Từ trái nghĩa

- incoherent
- confusing
- disjointed
- illogical (phi logic)
- fragmented
- inconsistent

Word family

- coherent (adj)
- coherence (n)
- coherently (adv)
- incoherence (n)

Coincide

Nghĩa

1. (v) Trùng thời điểm
2. (v) Đồng thời xảy ra

Ví dụ

- Our meeting coincided with the festival.
- The dates coincided perfectly.
- The conference coincided with a national holiday.

- collapse emotionally
- cause a collapse
- prevent a collapse

Từ đồng nghĩa

- fall apart
- crumble
- fail
- break down
- crash
- cave in
- fall
- disintegrate

Từ trái nghĩa

- stand
- recover
- stabilize
- strengthen
- collapse of a business
- collapse of a network
- collapse of public services

- collapse in productivity
- collapse in demand
- collapse in share prices
- collapse under stress
- collapse without warning
- prevent economic collapse
- recover from collapse
- rise

Word family

- collapse (n/v)
- collapsed (adj)

Colleague

Nghĩa

1. (n) Đồng nghiệp

Ví dụ

- My colleague helped me with the project.
- I discussed the issue with a colleague.
- I asked a colleague for advice.
- Several colleagues attended the conference.
- She maintains a good relationship with her colleagues.
- She is a helpful colleague.
- My colleagues supported the proposal.

Cấu trúc

- colleague at work
- colleague from the department
- colleague in the same profession
- colleague on the research team
- colleague in the same team
- colleague at the university

Collocation

- close colleague
- senior colleague
- colleague in the office
- work colleague
- former colleague
- junior colleague
- new colleague
- professional colleague
- trusted colleague
- colleague from work
- colleague on a project
- consult a colleague
- work with colleagues
- support a colleague
- discuss sth with a colleague
- a close-knit group of colleagues
- colleague in the workplace
- colleague from a partner organization
- colleague with expertise
- colleague responsible for sth
- colleague working on sth
- supportive colleague
- reliable colleague
- experienced colleague
- contact a colleague
- learn from a colleague

Từ đồng nghĩa

- coworker
- peer
- associate
- partner
- teammate
- professional contact
- associate

- co-worker

Từ trái nghĩa

- rival
- opponent
- stranger
- competitor
- client
- outsider

Word family

- colleague (n)
- collegial (adj)
- collegiality (n)
- collegially (adv)

Commence

Nghĩa

1. (v) Bắt đầu

Ví dụ

- The meeting commenced at 9 a.m.
- They commenced construction last week.
- The course commences in September.
- The proceedings commenced after a short delay.
- Construction is scheduled to commence next month.
- The ceremony commenced at noon.
- The investigation commenced immediately.

Cấu trúc

- commence doing sth
- commence with sth
- commence by doing sth
- be due to commence

Collocation

- commence work
- commence construction
- commence operation
- commence discussion
- commence proceedings
- commence an investigation
- commence negotiations
- commence a journey
- commence a course
- commence a trial
- commence immediately
- commence formally
- commence on time
- commence with an introduction
- commence operations
- scheduled to commence
- commencement date
- commence a project
- commence a meeting
- commence an activity
- commence an examination
- commence formal proceedings
- commence a review
- commence a programme
- commence negotiations with sb
- commence immediately after sth
- commence as planned

Từ đồng nghĩa

- begin
- start
- initiate
- launch
- originate
- inaugurate

Từ trái nghĩa

- end
- cease
- stop
- finish
- conclude

Word family

- commence (v)
- commencement (n)
- commencing (adj)

Comment

Nghĩa

1. (n) Nhận xét
2. (v) Bình luận

Ví dụ

- The teacher made a comment on my essay.
- She commented on the new policy.
- The report comments on recent developments.
- He made a useful comment during the discussion.

- The report contains useful comments from experts.

Cấu trúc

- comment on sth
- make a comment
- comment that + clause
- comment favorably on sth
- comment negatively on sth
- comment briefly on sth
- comment publicly on sth
- decline to comment

Collocation

- comment on the issue
- positive comment
- critical comment
- public comment
- negative comment
- helpful comment
- brief comment
- general comment
- personal comment
- make a comment on sth
- pass comment on sth
- invite comments
- receive comments
- respond to a comment
- comment favorably
- comment critically
- comment on current events
- comment on the findings
- comment on the proposal
- comment on the results
- comment on the quality
- comment in detail
- comment without evidence
- comment in public
- comment in writing
- invite further comments

Từ đồng nghĩa

- remark
- note

- opinion
- feedback
- criticism
- evaluation
- observation
- view

Từ trái nghĩa

- silence
- ignore
- withhold
- approval
- silence
- non-comment
- concealment

Word family

- comment (n/v)
- commentary (n)
- commentator (n)
- commented (adj)
- commenting (v)
- commentator (n)

Commission

Nghĩa

1. (n) Ủy ban
2. (n) Phí hoa hồng
3. (v) Giao việc, ủy nhiệm

Ví dụ

- The commission announced the results.
- The agent receives a commission on sales.

- commit public funds
- commit significant resources
- commit to continuous improvement
- demonstrate commitment to sth

Từ đồng nghĩa

- pledge
- dedicate
- perpetrate
- entrust
- devote

Từ trái nghĩa

- withdraw
- deny
- refuse
- avoid
- release
- uncommit
- disengage

Word family

- commit (v)
- commitment (n)
- committed (adj)
- committal (adj)
- committer (n)
- commitment (n)
- uncommitted (adj)

Commodity

Nghĩa

1. (n) Hàng hóa
2. (n) Mặt hàng, sản phẩm thương mại

Ví dụ

- Oil is a major commodity.
- The market price of the commodity rose.
- Coffee is an important export commodity.
- Water is becoming a valuable commodity.
- Grain is traded as a global commodity.
- The country exports several agricultural commodities.
- Commodity prices are affected by supply and demand.

Cấu trúc

- commodity market
- commodity price
- commodity prices fluctuate
- trade in commodities
- commodity-based economy
- commodity exchange
- commodity trader

Collocation

- raw commodity
- agricultural commodity
- commodity market

- scarce commodity
- standard commodity
- commodity supply
- commodity demand
- commodity market volatility
- commodity price index
- commodity export revenue
- commodity import costs
- commodity trading platform
- commodity futures contract
- commodity production costs
- commodity-based trade

Từ đồng nghĩa

- goods
- product
- merchandise
- item

- merchandise
- produce
- material
- resource

Từ trái nghĩa

- service
- non-product
- intangible asset
- labor

Word family

- commodity (n)

Compatible

Nghĩa

1. (adj) Tương thích
2. (adj) Phù hợp, hòa hợp

Ví dụ

- These devices are compatible with each other.
- The policy is compatible with the law.
- The new software is compatible with older devices.
- Their goals are compatible.
- The device is not compatible with this operating system.
- The two standards are fully compatible.
- Her explanation is compatible with the available evidence.

Cấu trúc

- be compatible with sth
- compatible software
- be compatible with each other
- make sth compatible with sth
- remain compatible with sth
- ensure that sth is compatible with sth
- be backward-compatible

Collocation

- compatible with the system
- compatible software
- compatible materials
- compatible standards
- compatible device
- compatible operating system
- compatible application
- compatible format
- compatible hardware
- compatible technology
- compatible with existing systems
- fully compatible
- backward-compatible
- mutually compatible
- broadly compatible
- ensure compatibility
- compatible device driver
- compatible data format
- compatible network protocol
- compatible interface
- compatible version
- compatible replacement
- compatible platform
- compatible architecture
- ensure backward compatibility

- The competent engineer solved the problem quickly.
- Only competent staff should operate this equipment.
- The court found him competent to stand trial.

Cấu trúc

- be competent in sth
- be competent to do sth
- be legally competent
- be technically competent
- be professionally competent
- be competent in a subject
- remain competent

Collocation

- competent manager
- competent staff
- competent professional
- competent performance
- competent authority
- competent person
- competent employee
- competent teacher
- competent advice
- competent evidence
- competent to act
- competent in mathematics
- highly competent
- professionally competent
- demonstrate competence
- ensure competence
- competent technical staff
- competent legal advice
- competent medical care
- competent project management
- competent decision-making
- competent handling of data
- competent performance
- competent and reliable service
- demonstrate competent behavior
- remain professionally competent

Từ đồng nghĩa

- capable
- qualified

- proficient
- expert
- effective
- skilled
- adept

Từ trái nghĩa

- incompetent
- inept
- unqualified
- amateur
- unskilled
- inefficient
- inadequate

Word family

- competent (adj)
- competence (n)
- competency (n)
- competently (adv)
- incompetence (n)
- competentness (n)

Complement

Nghĩa

1. (n) Phần bổ sung
2. (v) Bổ sung, hoàn thiện

Ví dụ

- The sauce complements the dish.
- The report complements the data.
- The two approaches complement each other.
- This course complements practical training.
- The examples complement the theoretical explanation.
- The two reports complement each other.
- Fresh vegetables complement the main dish.

Cấu trúc

- complement sth
- complement each other
- complement sth perfectly
- complement existing services
- complement a theory
- complement a weakness
- complement the main idea
- complement one another

Collocation

- complementary color
- complementary product
- mutually complementary
- perfect complement
- complementary skills
- complementary roles
- complementary services
- complementary approach
- complementary evidence
- complementary information
- complementary relationship
- complement each other
- complement an existing system
- serve as a complement to sth
- work as a complement
- a useful complement
- complementary research findings
- complementary data sources
- complementary teaching methods
- complementary products and services
- complementary perspectives
- complementary functions
- complementary components
- complementary role

Từ đồng nghĩa

- supplement
- complete
- enhance
- match
- support
- reinforce

- enhance

Từ trái nghĩa

- contradict
- reduce
- diminish
- conflict with
- undermine
- conflict with

Word family

- complement (n/v)
- complementary (adj)

Complex

Nghĩa

1. (adj) Phức tạp
2. (n) Khu phức hợp

Ví dụ

- The issue is more complex than it looks.
- They live in a residential complex.
- The problem requires a complex solution.
- The research examines a complex relationship.
- The human body is a complex system.
- The issue is complex and difficult to resolve.
- The software handles complex calculations.

Cấu trúc

- complex system
- complex of buildings
- complex enough to do sth
- become complex
- deal with a complex issue
- understand a complex process
- simplify a complex system

Collocation

- complex system
- complex issue
- complex problem
- apartment complex
- complex process
- complex relationship
- complex structure
- complex situation
- complex data
- complex network
- complex organization
- highly complex
- increasingly complex
- technically complex
- socially complex
- deal with complexity
- complex academic problem
- complex technical issue
- complex social phenomenon
- complex decision-making process
- complex information system
- complex organizational structure
- complex set of factors
- complex chain of events
- complex interaction
- complex pattern

Từ đồng nghĩa

- complicated
- intricate
- difficult
- multi-layered
- complicated

- sophisticated (tinh vi)

Từ trái nghĩa

- simple
- easy
- straightforward
- uncomplicated
- basic
- plain
- elementary

Word family

- complex (adj/n)
- complexity (n)

Conclude

Nghĩa

1. (v) Kết luận
2. (v) Hoàn thành

Ví dụ

- We concluded that the plan was feasible.
- The meeting concluded at noon.
- The study concludes that the method is effective.
- The ceremony concluded with a speech.
- The report concludes with several recommendations.
- From these results, we can conclude that the method works.
- The negotiations concluded successfully.

Cấu trúc

- conclude that + clause
- conclude sth
- conclude by doing sth
- conclude with sth
- conclude from sth
- conclude a discussion
- conclude an investigation
- conclude successfully

Collocation

- conclude that
- conclude a meeting
- conclude a contract
- conclude a deal

- conclude negotiations
- conclude a discussion
- conclude an argument
- conclude from evidence
- conclude from the results
- conclude that sth is true
- conclude that sth is necessary
- formally conclude
- finally conclude
- conclude successfully
- be concluded
- conclude a presentation
- conclude a speech
- conclude a report
- conclude a transaction
- conclude a partnership
- conclude on the basis of sth
- conclude beyond reasonable doubt
- conclude tentatively
- conclude definitively
- conclude with a recommendation

Từ đồng nghĩa

- decide
- deduce

- finish
- close
- infer
- summarize
- infer (suy ra)
- determine

Từ trái nghĩa

- begin
- open
- start
- continue
- remain open
- commence

Word family

- conclude (v)
- conclusion (n)
- conclusive (adj)

Conduct

Nghĩa

1. (v) Tiến hành
2. (n) Hành vi
3. (n) Cách cư xử

Ví dụ

- The doctor conducted the examination.
- Her conduct was professional.

- confer powers on sb
- confer legitimacy
- confer privately with sb
- confer regularly

Collocation

- confer a degree
- confer with experts
- confer benefits
- confer recognition
- confer an award
- confer a title
- confer a qualification
- confer a right
- confer authority
- confer status
- confer power
- confer with colleagues
- confer with the committee
- confer privately
- confer formally
- confer before deciding

Từ đồng nghĩa

- grant (ban cho)

- consult
- discuss
- bestow
- award
- deliberate

Từ trái nghĩa

- withhold
- deny
- refuse
- take away
- withdraw
- withhold
- retain

Word family

- confer (v)
- conference (n)

Confirm

Nghĩa

1. (v) Xác nhận
2. (v) Chứng minh

Ví dụ

- Please confirm your booking.
- The results confirm the hypothesis.
- The email confirms the meeting time.
- The test confirmed the diagnosis.
- The manager confirmed the appointment by email.
- The evidence confirmed his account of the event.
- Please confirm that you received the document.

Cấu trúc

- confirm that + clause
- confirm sth
- confirm whether + clause
- confirm one's identity
- confirm receipt of sth
- confirm an arrangement
- confirm a suspicion
- confirm a prediction

Collocation

- confirm the details
- confirm a booking
- confirm the results
- confirm an appointment
- confirm receipt
- confirm identity
- confirm attendance
- confirm availability
- confirm a reservation
- confirm a diagnosis
- confirm a suspicion
- confirm a theory
- confirm an address
- confirm in writing
- officially confirm
- strongly confirm

Từ đồng nghĩa

- verify
- validate
- affirm
- support
- corroborate
- establish
- substantiate
- confirm a reservation
- confirm a delivery date
- confirm a payment
- confirm a diagnosis
- confirm an assumption

- confirm a finding
- confirm a fact
- confirm a booking in writing
- confirm receipt of an email
- confirm the accuracy of sth

Từ trái nghĩa

- deny
- refute
- disprove
- contradict
- invalidate
- reject
- question

Word family

- confirm (v)
- confirmation (n)
- confirmed (adj)

Conflict

Nghĩa

1. (n) Xung đột
2. (v) Xung đột, mâu thuẫn

Ví dụ

- There is a conflict between the two policies.
- Their interests conflict.
- The two accounts conflict with each other.

- conflict management
- conflict prevention
- conflict analysis
- conflict escalation
- conflict of duties
- conflict of values
- conflict of evidence
- conflict between interests
- conflict-free environment
- resolve interpersonal conflict

Word family

- conflict (n/v)
- conflicting (adj)

Conform

Nghĩa

1. (v) Tuân theo, phù hợp

Ví dụ

- The design conforms to regulations.
- Students should conform to school rules.
- The product conforms to safety standards.
- His behavior conforms to social expectations.
- The design conforms to international standards.
- All materials must conform to safety requirements.
- The results conform closely to the prediction.

Cấu trúc

- conform to sth
- conform with sth
- conform to a standard
- conform to a requirement
- conform to a specification
- conform to accepted practice
- conform closely to sth

Collocation

- conform to standards
- conform to rules
- conform to expectations
- conform with the law
- conform to requirements
- conform to regulations
- conform to procedures
- conform to international standards
- conform to accepted practice
- conform to a pattern
- conform with the principles
- strictly conform to
- fail to conform
- be required to conform
- conform fully
- conform closely
- conform to industry standards
- conform to quality requirements
- conform to ethical principles
- conform to technical specifications
- conform to contractual obligations
- conform to international law
- conform to established procedures
- conform to safety regulations
- conform fully with sth
- conform broadly to sth

Từ đồng nghĩa

- comply with
- obey
- adapt
- fit
- match

- follow
- adhere to
- observe

Từ trái nghĩa

- deviate
- resist
- refuse
- violate
- break
- disobey
- contravene

Word family

- conform (v)
- conformity (n)

Consent

Nghĩa

1. (n) Sự đồng ý
2. (v) Đồng ý

Ví dụ

- They gave their consent to the plan.
- She consented to the proposal.
- The patient gave consent before treatment.
- Parents must consent to the procedure.
- The patient signed a consent form.
- The participants gave informed consent.
- She withdrew her consent later.

Cấu trúc

- give consent to sth
- consent to do sth
- consent to sth in writing
- obtain sb's consent
- give one's consent
- withdraw one's consent
- refuse consent
- consent in writing

Collocation

- informed consent
- written consent
- parental consent
- consent to treatment
- informed consent form
- explicit consent
- express consent
- prior consent
- free consent
- consent from a patient
- obtain consent
- give consent
- withhold consent
- withdraw consent
- seek consent
- require consent

Từ đồng nghĩa

- approval
- agreement
- permission
- acceptance
- assent
- authorization
- endorsement

Từ trái nghĩa

- refusal
- objection
- disagreement
- denial
- prohibition
- rejection
- non-consent

- consent requirement
- consent procedure
- consent document
- consent decision
- consent process
- consent from participants
- consent of the owner
- consent to disclosure
- consent to data collection
- consent to information sharing

Word family

- consent (n/v)
- consensual (adj)

Considerable

Nghĩa

1. (adj) Đáng kể
2. (adj) Rất nhiều

Ví dụ

- There was a considerable delay.
- The company has considerable resources.
- The project requires considerable effort.
- There has been considerable improvement.
- The project has attracted considerable attention.
- The decision caused considerable concern.
- She has considerable experience in this field.

Cấu trúc

- considerable amount of
- considerable progress
- considerable difficulty
- considerable influence
- considerable experience
- considerable resources
- considerable expense
- considerable benefit

Collocation

- considerable time
- considerable effort
- considerable change
- considerable amount
- considerable attention
- considerable influence
- considerable progress
- considerable pressure
- considerable concern
- considerable difficulty
- considerable advantage
- considerable increase
- considerable decrease
- a considerable number of
- a considerable amount of

- considerable variation
- considerable uncertainty
- considerable improvement in quality
- considerable reduction in cost

Từ đồng nghĩa

- significant
- substantial
- large
- major

- notable
- substantial

Từ trái nghĩa

- small
- minor
- insignificant
- negligible
- trivial
- moderate
- limited

Word family

- considerable (adj)
- considerably (adv)
- considerableness (n)

Consist

Nghĩa

1. (v) Bao gồm
2. (v) Gồm có

Ví dụ

- The team consists of five members.
- The report consists of three sections.
- The course consists of ten units.
- The mixture consists mainly of water.
- The committee consists of representatives from five countries.
- The course consists of lectures and practical sessions.
- Success consists in careful preparation.

Cấu trúc

- consist of sth
- consist in sth
- consist largely of sth
- consist primarily of sth
- consist of a combination of sth
- consist of a series of sth
- consist in the fact that + clause

Collocation

- consist of members
- consist of sections
- consist of elements
- consist of facts
- consist of several parts
- consist of two stages
- consist of three components
- consist of different elements
- consist mainly of
- consist entirely of
- consist largely of
- consist primarily of
- a team consisting of
- a system consisting of
- what sth consists of
- consist in the fact that
- consist of a wide range of
- consist of interrelated parts
- consist of distinct stages
- consist of multiple layers
- consist of raw data
- consist of written evidence
- consist of several variables
- consist mainly of elements
- consist entirely of components
- consist partly of recycled material

Từ đồng nghĩa

- comprise
- include
- contain
- be made up of

- be composed of

Từ trái nghĩa

- exclude
- omit
- lack
- exclude
- differ from

Word family

- consist (v)
- consistency (n)
- consistent (adj)
- consistently (adv)

Constant

Nghĩa

1. (adj) Liên tục, không thay đổi
2. (n) Hằng số
3. (adj) Thường xuyên xảy ra

Ví dụ

- He gave constant support.
- The constant of gravity is well known.
- The machine requires constant maintenance.
- Her constant support encouraged the team.
- The system must operate at a constant speed.
- Constant practice is necessary to improve.
- The temperature remained constant throughout the experiment.

Cấu trúc

- constant pressure
- constant value
- constant demand
- constant speed
- constant attention
- constant level
- constant supply
- constant pressure

Collocation

- constant support
- constant change
- constant pressure
- constant reminder
- constant attention
- constant demand
- constant noise
- constant stream
- constant temperature
- constant speed
- constant rate
- constant value
- constant threat
- constant concern
- remain constant
- keep sth constant
- constant flow
- constant supply of energy
- constant level of demand
- constant monitoring
- constant communication
- constant exposure
- constant improvement
- constant threat of failure
- constant access
- constant change in conditions

Từ đồng nghĩa

- steady
- continuous
- fixed

- permanent
- unchanging
- uniform

Từ trái nghĩa

- variable
- fluctuating
- intermittent
- changing
- temporary
- occasional
- inconstant

Word family

- constant (adj/n)
- constantly (adv)
- constancy (n)
- constant-rate (adj)

Constitute

Nghĩa

1. (v) Tạo thành
2. (v) Cấu thành
3. (v) Được xem là

Ví dụ

- The students constitute a large group.
- This act constitutes a violation of policy.
- These factors constitute a serious problem.
- Women constitute half of the population.
- These elements constitute the basic structure.
- The behavior constitutes a serious violation.
- The findings constitute strong evidence.

Cấu trúc

- constitute sth
- constitute a violation
- constitute a part of sth
- constitute a basis
- constitute a whole
- constitute a majority of sth
- constitute an essential part

Collocation

- constitute a majority
- constitute a problem
- constitute a threat
- constitute evidence
- constitute a risk
- constitute a violation
- constitute a significant part
- constitute a large proportion
- constitute the majority
- constitute a change
- constitute an improvement
- constitute a challenge
- constitute a basis for sth
- constitute an example of sth
- be constituted by
- newly constituted body
- constitute a legal basis
- constitute a major contribution
- constitute a serious breach
- constitute a valid reason
- constitute a significant proportion
- constitute a separate category
- constitute an important factor
- constitute an effective solution
- constitute part of the system
- constitute the foundation of sth

Từ đồng nghĩa

- form
- make up
- compose
- represent
- establish

- create
- comprise
- consist of

Từ trái nghĩa

- disband
- destroy
- remove
- dismantle
- dissolve
- deconstitute

Word family

- constitute (v)
- constitution (n)
- constitutional (adj)
- constitutionally (adv)
- constitutive (adj)

Constrain

Nghĩa

1. (v) Hạn chế, gò bó

Ví dụ

- The budget constrained the project.
- The law constrains our actions.
- Limited funds constrained the project.
- Fear can constrain creativity.
- Strict rules constrained the researchers' choices.
- A lack of funding constrained further development.
- Social pressure can constrain individual behavior.

Cấu trúc

- constrain sb/sth
- be constrained by sth
- constrain sb from doing sth
- constrain the development of sth
- constrain creativity
- constrain choice
- constrain access
- constrain movement

Collocation

- constrained by budget
- constrained resources
- constrained choice
- constrained development
- constrained by time
- constrained by law
- constrained by circumstances
- financially constrained
- resource-constrained environment
- constrain growth
- constrain activity
- constrain movement
- constrain development
- constrain innovation
- severely constrained
- tightly constrained
- constrain economic growth
- constrain personal freedom
- constrain access to education
- constrain access to healthcare
- constrain the available options
- constrain future development
- constrain organizational change
- constrain market activity
- constrain scientific progress
- constrain creative thinking

Từ đồng nghĩa

- restrict
- limit
- bound

- prevent
- restrain
- curb
- hamper
- inhibit

Từ trái nghĩa

- free
- enable
- encourage
- release
- allow
- liberate
- facilitate

Word family

- constrain (v)
- constraint (n)
- constrained (adj)
- constraining (adj)
- unconstrained (adj)

Consult

Nghĩa

1. (v) Tham khảo, hỏi ý
2. (v) Hỏi ý kiến

Ví dụ

- Please consult the manual before use.
- We consulted a specialist.
- Consult your doctor before taking the medicine.
- The team consulted local residents.
- The researchers consulted several official documents.
- You should consult an expert before making a decision.
- The committee consulted widely before voting.

Cấu trúc

- consult sb
- consult a source
- consult with sb
- consult about sth
- consult sb on sth
- consult with a specialist
- consult a reference book
- consult before taking action

Collocation

- consult a specialist
- consult the manual
- consult experts
- consult references
- consult a doctor
- consult a lawyer
- consult a teacher
- consult a dictionary
- consult a database
- consult official sources
- consult with colleagues
- consult widely
- consult carefully
- consult before deciding
- consult relevant documents
- seek consultation
- consult an official source
- consult a technical manual
- consult a professional adviser
- consult a medical specialist
- consult a legal expert
- consult a research database
- consult relevant literature
- consult the available evidence
- consult widely before acting
- consult stakeholders

Từ đồng nghĩa

- seek advice from
- check

- ask
- refer to
- advise
- deliberate with
- seek guidance from
- take advice from

Từ trái nghĩa

- ignore
- neglect
- dismiss
- decide alone
- ignore advice
- act without consultation
- make a unilateral decision

Word family

- consult (v)
- consultation (n)
- consultant (n)
- consultative (adj)
- consulted (adj)

Consume

Nghĩa

1. (v) Tiêu thụ
2. (v) Hấp thu
3. (v) Lãng phí thời gian, năng lượng

Ví dụ

- The device consumes a lot of energy.
- He consumed the meal quickly.
- The engine consumes very little fuel.
- The project consumed most of our time.
- The machine consumes less electricity than the old model.
- The fire consumed the entire building.
- Young people consume news through social media.

Cấu trúc

- consume sth
- consume time
- consume a product
- be consumed by sth
- consume large amounts of sth
- consume fewer resources
- consume a meal
- be consumed with worry

Collocation

- consume energy
- consume resources
- consume time
- consumer consumption
- consume electricity
- consume water
- consume fuel
- consume food
- consume goods
- consume information
- consume media
- consume vast amounts of
- consume less energy
- consume rapidly
- be consumed by curiosity
- time-consuming activity
- consume natural resources
- consume fossil fuels
- consume processed food
- consume digital content
- consume online media
- consume a large quantity
- consume at a high rate
- consume responsibly
- consume sustainably
- consume beyond one's needs

Từ đồng nghĩa

- use
- spend

- devour
- absorb
- eat
- use up

Từ trái nghĩa

- save
- preserve
- conserve
- conserve
- produce

Word family

- consume (v)
- consumer (n)
- consumption (n)
- consumable (adj/n)
- consumptive (adj)
- overconsume (v)

Contact

Nghĩa

1. (n) Liên hệ
2. (n) Người quen, danh bạ
3. (v) Liên lạc

Ví dụ

- Please contact the office for details.
- I have your contact information.
- Please contact me if you need assistance.
- The company contacted all applicants.
- I contacted the supplier to request more information.
- The emergency team contacted local authorities.
- She remains in close contact with her former teacher.

Cấu trúc

- contact sb
- contact details
- contact sb directly
- be in contact with sb
- contact sb regarding sth
- contact sb by email
- keep contact details updated
- establish contact with sb

Collocation

- contact details
- contact information
- contact the office
- maintain contact
- contact a customer
- contact a supplier
- contact a doctor
- contact by phone
- contact by email
- make contact with sb
- keep in contact
- lose contact
- direct contact
- close contact
- emergency contact
- point of contact
- contact customer support
- contact emergency services
- contact a government agency
- contact a business partner
- contact a service provider
- contact someone directly
- contact someone privately
- contact someone urgently
- contact someone in writing
- contact someone for clarification

Từ đồng nghĩa

- reach

- connection
- communication
- relation
- touch
- access
- correspondence

Từ trái nghĩa

- break off
- disconnect
- isolation
- separation
- disconnection
- non-contact
- avoidance

Word family

- contact (n/v)
- contactable (adj)
- contactless (adj)
- contacting (v)

Contemporary

Nghĩa

1. (adj) Hiện đại, thuộc cùng thời kỳ
2. (n) Người cùng thời

Ví dụ

- This is a contemporary design.
- The work was compared with contemporary artists.
- Contemporary writers address modern social issues.
- The gallery displays contemporary art.

- The novel reflects contemporary concerns.
- She studies contemporary political history.

Cấu trúc

- contemporary with sth
- contemporary art
- be contemporary with sth
- contemporary society
- contemporary concern
- contemporary relevance
- contemporary debate
- contemporary writer

Collocation

- contemporary art
- contemporary issue
- contemporary style
- contemporary literature
- contemporary society
- contemporary culture
- contemporary politics
- contemporary music
- contemporary architecture
- contemporary history
- contemporary issues
- contemporary relevance
- contemporary sources
- a contemporary of sb
- contemporary with sth
- in contemporary times
- contemporary social issues
- contemporary scientific research
- contemporary educational theory
- contemporary political debate
- contemporary economic conditions
- contemporary cultural practices
- contemporary design principles
- contemporary historical sources
- contemporary relevance of sth
- contemporary account of events

Từ đồng nghĩa

- modern
- current

- present-day
- up-to-date
- modern-day
- current

Từ trái nghĩa

- ancient
- historical
- old-fashioned
- medieval
- outdated
- traditional
- pre-modern

Word family

- contemporary (adj/n)
- contemporaneity (n)
- contemporaneous (adj)
- contemporaneously (adv)

Context

Nghĩa

1. (n) Bối cảnh
2. (n) Ngữ cảnh
3. (n) Hoàn cảnh

Ví dụ

- You need to read the text in context.
- The context of the event is important.
- The meaning changes according to the context.
- Historical context helps us understand the text.
- The meaning of a word depends on its context.

- understand sth from context
- within a broader context
- within a specific context
- consider sth in context
- provide context for sth
- lack context

Collocation

- historical context
- social context
- cultural context
- in context
- political context
- economic context
- educational context
- legal context
- historical context of sth
- broader context
- specific context
- local context
- cultural context of a text
- understand sth in context
- place sth in context
- take sth out of context
- historical context of an event
- social context of behavior
- cultural context of language
- political context of a policy
- economic context of development
- educational context of learning
- broader social context
- immediate context
- relevant context
- context-dependent meaning

Từ đồng nghĩa

- setting
- background
- environment
- situation
- circumstances
- framework
- milieu

Từ trái nghĩa

- decontextualization
- disconnection
- isolation
- decontextualization
- detachment
- isolation

Word family

- context (n)
- contextual (adj)
- contextually (adv)
- contextualize (v)
- contextualization (n)
- decontextualized (adj)
